

## Checklist of the Birds of Thunder Bay District, Ontario

There have been 369 species of birds recorded within the District of Thunder Bay in Ontario (TBD) as of December 31, 2020.

Nomenclature and taxonomy follow the Seventh Edition of the American Ornithologists' Union (AOU) Checklist of North American Birds and its supplements to the Fifty-Ninth Supplement, 2018.

If species marked with asterisks or any that are not on the Checklist are observed, complete details of the sighting should be recorded and emailed to Brian Ratcliff at [bratcliff@tbaytel.net](mailto:bratcliff@tbaytel.net).

### Rarity codes

xx - Species considered rare in Northern Ontario by the Ontario Bird Records Committee (OBRC)  
x - Additional species considered rare in TBD

### Status codes

P - Permanent resident; breeds in the TBD  
S - Summer resident; usually nests in the TBD  
W - Winter resident  
M - Spring and/or fall migrant; expected every year  
C - Casual in the TBD, reported in 3 to 7 of the past 10 years  
A - Accidental in the TBD, reported in no more than 2 of the past 10 years  
E - Extinct or extirpated; not expected to be seen

To print the checklist use double-sided, short-edge binding.
